PROFESSIONAL SUMMARY

Results-driven and detail-oriented software engineer with 2 years of experience and proficiency in iOS Development with SwiftUI, Cross-Platform Mobile Development with Flutter, Web Development using Next.js, QA Engineering with Selenium and Cucumber, as well as Microservice Development with Java and Spring Boot. Skilled in collaborating with multi-modal teams to develop, test, and drive projects from concept to completion using the AGILE methodology.

SKILLS

Problem Solving | Unit Testing | iOS Development | UIKit | SwiftUI | AGILE Methodology | QA Automation | Java | Web Development | Scrum | Project Management | Collaborative Communication | Team Management | Internal Process Improvement | Client Relations |

WORK EXPERIENCE

Neudesic, an IBM Company | Remote

Application Innovation Consultant | May 2022 – Present

- Create mobile applications across platforms, notably iOS, leveraging technologies like SwiftUI, UIKit, and Flutter.
- Offer ongoing application maintenance services for legacy codebases using UIKit while innovatively implementing new business requirements with SwiftUI for a native iOS application tailored to a Gym Membership App Client.
- Experience with Azure services, including CI/CD pipeline deployment via Azure DevOps.
- Design and execute unit tests.
- Create automated UI and API tests using Java, Selenium, Cucumber, and Postman.
- Collaborate seamlessly with multidisciplinary teams to consistently deliver high-quality solutions that meet and exceed client expectations.
- Maintain client relationships by delivering high-quality, well-documented code and provide insights best for their needs.

Mathnasium | Seattle, WA

Assistant Center Director and Lead Teacher | January 2020 – May 2022

- Strategic management of crucial student data and personalized learning strategies alongside a proficient team of teachers.
- Managed a team of teachers to deliver high quality supplemental Mathematics education
- Provision of top-tier Math tutoring services spanning K-12 education, covering topics from calculus 1&2 to SAT and ACT preparation, both in traditional and virtual settings.
- Oversight of facility maintenance and ensuring optimal presentation standards within the center.
